Dear Mr. Leet:

Just a quick note to let you know how pleased I am with the response we've received from our article in "The Marketeer". Our article is well-written and the photography is excellent. I have received many comments on the professionalism and creativeness of the magazine. In combination with our commercial on Fox 40 television, we have received tremendous exposure and awareness in the community.

Thank you for showing us this opportunity and superior follow up.

Sincerely,
